

## CALL FOR ABSTRACTS

Join us for the **3<sup>rd</sup> EuroQol Asia Regional Meeting 2026** on 9-10 June at the [Village Hotel Changi](#) in Singapore.—a unique opportunity to connect, share insights, and explore the latest developments in EQ-5D research. The meeting aims to foster collaboration, stimulate discussion, and promote high-quality research on health-related quality of life in the Asia-Pacific region, with a particular focus on EQ-5D and other EuroQol instruments.

This two-day event will bring together early-career and senior researchers, health technology assessment (HTA) practitioners, policymakers, and EQ-5D users from across the region. The meeting will be conducted in a hybrid format, with in-person and virtual attendees.

### Abstract Submission

Research abstracts from all areas of health-related quality of life and outcomes research are welcome. Priority will be given to submissions that align with the aims of the EQ Working Groups (Descriptive System, Valuation, Populations and Health Systems, EQ-5D in Younger Populations, Education and Outreach, EQ-HWB), so are abstracts on EuroQol-related research in innovative areas. We kindly invite you to submit an abstract (max. 500 words) through the [Abstract Submission Portal](#) by Tuesday, 24 February 2026, 23.59 CET. The EuroQol Asia Regional Meeting organization committee will review all submissions and make decisions regarding acceptance. Note that each first author may submit a maximum of three abstracts for this meeting.

### Presentation Formats

**Paper discussion sessions:** The meeting will follow the EuroQol plenary meeting tradition in that authors whose abstracts accepted for paper presentation will need to submit a draft paper in advance and an invited discussant will present and discuss the paper during the meeting. Participants will be given the opportunity of discussing their peers' work, as well as having their work discussed.

**Guided poster sessions:** Posters will be grouped together and discussed by a presenter in a guided tour; authors and other session attendees will have the opportunity to discuss and ask and/or respond to questions.

### Participation & Travel Support

- There is no registration fee.
- Lead authors of accepted papers and/or posters will be expected to book and pay for their flights or other transport.
- If funds are insufficient to cover flight costs, a Travel Scholarship of **up to 400 Euros** per regular Economy-class flight ticket (flex or open tickets are not eligible) can be requested via email to Fredrick Purba before Tuesday 10 March 2026, 23.59 CET. Travel Scholarship requests after this deadline will not be considered. While open to all participants, Travel Scholarships will be awarded on a competitive basis. It will help to include a motivation letter when requesting for a Travel Scholarship.
- Accommodation for selected participants will be arranged in single occupancy rooms at the [hotel](#) where the meeting is being held. The EuroQol Research Foundation will cover accommodation costs (including breakfast and city tax) for June 8-10 2026.
- If you require any special accommodations or have specific accessibility needs, please contact Fredrick Purba
- Social programme: Any planned social activities will be for participants only.

### Meeting Programme

The meeting will commence with a keynote presentation by a senior EuroQol member, followed by paper and poster discussion sessions. Furthermore, information on the final programme, registration procedure and meeting policy will follow soon.
